

CSE Harmful Elements Analysis Tool

The CSE Harmful Elements Analysis Tool¹ was created to help parents, school administrators, educators, and other concerned citizens assess, evaluate, and expose harmful elements within comprehensive sexuality education (CSE)² curricula and materials. For more information, visit www.stopcse.org.

Analysis of [Insert name of program]

Based on 15 Harmful Elements Commonly Included in CSE Materials

CSE HARMFUL ELEMENTS SCORE = [INSERT SCORE]/15

[Insert name of program] contains [insert score] of the harmful elements typically found in CSE curricula or materials. The presence of **even one of these elements indicates that the analyzed materials are inappropriate for children**. Having several of these elements should disqualify such materials for use with children.

Program Description: [Insert program description]

HARMFUL CSE ELEMENTS	EXCERPTED QUOTES FROM CSE MATERIAL
<p>1. SEXUALIZES CHILDREN</p> <p><i>Normalizes child sex or desensitizes children to sexual things. May give examples of children having sex or imply many of their peers are sexually active. May glamorize sex, use graphic materials, teach explicit sexual vocabulary, or encourage discussion of sexual experiences, attractions, fantasies or desires.</i></p>	<p>[In each of the boxes in this column, insert direct quotes from the program to show evidence of each of the corresponding elements. Include citation with page number so it is clear where the quote came from.]</p>
<p>2. TEACHES CHILDREN TO CONSENT TO SEX</p> <p><i>May teach children how to negotiate sexual encounters or how to ask for or get “consent” from other children to engage in sexual acts with them.</i></p>	

¹ The CSE Harmful Elements Analysis Tool was created by Family Watch International. Family Watch is not responsible for the way in which the tool is used by individuals who do independent analyses of CSE materials. Visit www.stopcse.org for a blank template or to see analyses of various CSE materials.

² CSE programs are often labeled as comprehensive sex education, sexual education, sexuality education, anti-bullying programs, sexual and reproductive health education, welcoming schools programs, and even family life, life skills or abstinence plus education programs, etc. Regardless of the label, if program materials contain one or more of the 15 harmful elements identified in this analysis tools, such materials should be categorized as CSE and should be removed from use in schools.

<p>Note: <i>“Consent” is often taught under the banner of sexual abuse prevention. While this may be appropriate for adults, children of minor age should never be encouraged to “consent” to sex.</i></p>	
<p>3. NORMALIZES ANAL AND ORAL SEX</p> <p><i>Introduces these high-risk sexual behaviors to children and may normalize them. May omit vital medical facts, such as the extremely high STI rates (i.e., HIV and HPV) and the oral and anal cancer rates associated with these risky sex acts.</i></p>	
<p>4. PROMOTES HOMOSEXUAL/ BISEXUAL BEHAVIOR</p> <p><i>Promotes acceptance of and/or exploration of diverse sexual orientations, sometimes in violation of state education laws. May omit vital health information and/or may provide medically inaccurate information about homosexuality or homosexual sex.</i></p>	
<p>5. TEACHES CHILDREN ABOUT SEXUAL PLEASURE</p> <p><i>Teaches children about sexual pleasure. May tell them they are entitled to or have a “right” to sexual pleasure or may encourage children to seek out sexual pleasure.</i></p>	
<p>6. PROMOTES SOLO OR MUTUAL MASTURBATION</p> <p><i>While masturbation can be part of normal child development, encourages masturbation at young ages, making children more vulnerable to pornography use, sexual</i></p>	

<p><i>addictions or sexual exploitation. May describe masturbation or provide instruction on how to masturbate. May encourage children to engage in mutual masturbation.</i></p>	
<p>7. EROTICIZES CONDOM USE</p> <p><i>May use sexually explicit methods (i.e., penis and vagina models, seductive role play, etc.) to promote condom use to children.</i></p> <p><i>May provide medically inaccurate information on condom effectiveness and omit or deemphasize failure rates. May imply that condoms will provide complete protection against pregnancy or STIs.</i></p>	
<p>8. PROMOTES EARLY SEXUAL INDEPENDENCE</p> <p><i>Teaches children they can choose to have sex when they feel they are ready or when they find a trusted partner. Fails to provide data about the well-documented negative consequences of early sexual debut.</i></p>	
<p>9. FAILS TO ESTABLISH ABSTINENCE AS THE GOAL</p> <p><i>Fails to establish abstinence (or a return to abstinence) as the expected standard for all school age children. May mention abstinence only in passing.</i></p> <p><i>May teach children that all sexual activity—other than “unprotected” vaginal and oral sex—is acceptable, and even healthy. May present abstinence</i></p>	

and “protected” sex as equally good options for children.

**10. PROMOTES GENDER
CONFUSION**

Promotes affirmation of and/or exploration of diverse gender identities. May teach children they can change their gender or identify as multiple genders, or may present other unscientific and medically inaccurate gender ideologies. Fails to teach that most gender-confused children resolve it by adulthood and that extreme gender confusion is a mental health disorder (gender dysphoria) that may be helped with therapy.

**11. TEACHES ABORTION/
CONTRACEPTION**

Presents abortion as a safe or positive option, while omitting data on the many potential negative physical and mental health consequences. May teach children they have a right to abortion and refer them to abortion providers. May encourage the use of contraceptives, while failing to present failure rates or side effects.

**12. PROMOTES PEER-TO-PEER
SEX ED/SEXUAL RIGHTS
ADVOCACY**

May train children to teach other children about sex or sexual pleasure, through peer-to-peer initiatives. May recruit children as spokespeople to

<p><i>advocate for controversial sexual rights (including a right to CSE itself) or to promote abortion.</i></p>	
<p>13. UNDERMINES TRADITIONAL VALUES AND BELIEFS</p> <p><i>May encourage children to question their parents' beliefs or their cultural or religious values regarding early sex, sexual orientation or gender identity.</i></p>	
<p>14. VIOLATES OR UNDERMINES PARENTAL RIGHTS</p> <p><i>May instruct children they have rights to confidentiality and privacy from their parents. May teach children about accessing sexual commodities or services, including abortion, without parental consent. May instruct children not to tell their parents what they are being taught about sex in school.</i></p>	
<p>15. REFERS CHILDREN TO HARMFUL RESOURCES</p> <p><i>Refers children to harmful websites, materials or outside entities. May also specifically refer children to Planned Parenthood or their affiliates or partners for their lucrative services or commodities (i.e., sexual counseling, condoms, contraceptives, gender hormones, STI testing and treatment, abortions, etc.)</i></p> <p>Please Note: <i>A conflict of interest exists whenever an entity that profits from sexualizing children is involved in creating or implementing sex education programs.</i></p>
