| Opt-In | | | X | |
| Opt-Out Option | | | X | |

*See each state’s definition of “medically accurate.”

**While requirement may say “abstinence-based” or to “stress abstinence” as the standard, many CSE programs only mention abstinence in passing; they don’t establish abstinence as the expected standard and fail to emphasize abstinence as the only sure way to protect against pregnancy and sexually transmitted diseases, including AIDS.

Note: This state profile has been prepared by Family Watch International and the Protect Child Health Coalition. While the information provided is as accurate as possible and is updated annually, **check the Resources listed below for any updates.** Also, **please alert us** if you are aware of any changes, proposed legislation or issues regarding CSE that may be occurring in your state by completing the contact form at StopCSE.org/montana or by emailing StopCSE@FamilyWatch.org.

II. MONTANA SEX EDUCATION FEDERAL FUNDING PROFILE

Federal Government Programs and Grants Awarded for Montana

WARNING: While grant requirements may state that curricula/programs are to be “evidence based” or “medically accurate” in order to receive funding, research shows that, often, funds go to curricula/programs that are ineffective (See SexEdReport.org). In addition, content analyses show that many programs (Link to harmful CSE elements chart) normalize teen sex, encourage sexual pleasure-seeking, condone early sexual debut and promote high-risk sexual behaviors. **It is important to look at the actual content of every curricula rather than relying on labels assigned to them.**

DASH—Division of Adolescent and School Health, a division of the Centers for Disease Prevention (CDC), works with community partners to provide training and resource development for so-called “HIV, STD, and pregnancy prevention” programs in school-based and community settings.

- Montana received DASH funds totaling \$75,000 in fiscal year 2016.

PREP—The Personal Responsibility Education Programs, under the Family and Youth Services Bureau (FYSB), provides grants for sex education programs that are sometimes called “abstinence plus” programs and that focus on “both abstinence and contraception.”

- Montana received PREP funds totaling \$250,000 in fiscal year 2017.

SRAE—Sexual Risk Avoidance Education grants go to curricula/programs that emphasize risk avoidance and teach youth to voluntarily refrain from non-marital sexual activity and other risky behaviors. Note: See warning above.

- Montana received NO SRAE program funds in 2016.

Title V—The TITLE V State Abstinence Education Grant Program funds abstinence education and mentoring to promote abstinence. However, note that at least one Title V program promotes promiscuity as healthy and normal. As noted above, **it is important to look at the actual content of the curricula.**

- Montana did NOT receive a Title V award in fiscal year 2017.ⁱ

TPP—The Teen Pregnancy Prevention program, through the Office of Adolescent Health (OAH), funds comprehensive sex education programs for children aged 10 to 19. Note: Research shows that most TPP programs are ineffective at reducing pregnancy rates and some even increase risk. (See SexEdReport.org)

- Montana did NOT receive TPP funding for years 2015-2019.ⁱⁱ

III. FEDERALLY FUNDED SEX EDUCATION PROGRAMS IN MONTANA

Note: Programs in **red** text have been analyzed and found to contain harmful content for children. Programs not in red may or may not have harmful content.

See examples exposing harmful content in various CSE curricula and materials at www.stopcse.org/cse-materials-index/. For example, the analysis of [Making a Difference](#), shows CSE programs sexualize children and encourage promiscuity and risky sexual behavior, typically without providing medically accurate information about the long-term risks associated with early sexual debut and experimentation.

Federally Funded Sex Education Programs / Curricula in Montana

| FUNDING SOURCE | PROGRAM OR CURRICULUM | FUNDING RECIPIENT |
|----------------|---------------------------------------|--|
| PREP | Draw the Line/Respect the Line | The Montana Department of Public Health and Human Services |
| PREP | Making Proud Choices! | The Montana Department of Public Health and Human Services |

See stopcse.org/cse-materials-index/ for a menu of examples and analyses exposing the harmful elements to children of specific curricula and other CSE materials.

IV. OVERVIEW OF MONTANA SEX EDUCATION LEGISLATION & GUIDELINES

The following laws and guidelines apply to sex education and how sex education is taught in Montana.

According to Montana Title 20ⁱⁱⁱ

- No specific legislation or guidelines for sex education are available for this state.

20-7-111^{iv} The board of public education shall define and specify the basic instructional program for pupils in public schools.

Sub Chapter Title 10-53-7^v

Health Standards

It is the goal of the legislature that Montana's public elementary and secondary school system, in cooperation with parents or guardians, create a learning environment for each student

- Education on Child abuse and Child sex trafficking prevention is encouraged

Age of Majority =

Based on Alabama law, anyone under the age of 18 is considered a minor, while those 18 years old and older are considered adults.^{vi}

Age of Consent =

In Montana, the age when children can legally consent or agree to sex is 16.^{vii}

V. PARENTAL RIGHTS AT RISK IN MONTANA

Warning! Most CSE programs put parental rights at risk by either encouraging or requiring that parents not be notified and/or by instructing children how to access such things as abortion, contraception and other so-called health services **without parental notification or consent.**

It is particularly dangerous to encourage students in this way, particularly considering the fact the laws often support what is being taught in CSE programs. For example:

Without notifying or receiving consent from their parents, minor children in Montana may consent to and receive:

- All contraceptive services*
- All STI (sexually transmitted infection) services*
- All prenatal care services*
- Legal counsel for adoption services.

*Health care providers may inform the minor's parents, but are not required to do so.

In Montana, while the law requires parental consent for abortion services, due to a court order, enforcement of this policy is currently not in effect.

VII. OPT-OUT FORM

By signing a parental non-consent form, also known as an opt-out form, parents can protect their children from being subjected to harmful CSE programs. Download and print the provided form and modify it as needed (see included instructions). Sign it and take it to your child’s school, and ask that it be put on file as part of your child’s permanent record and that all teachers and instructors be notified.

A sample opt-out form, provided by Liberty Counsel, along with instructions for use, can be found at: stopcse.org/montana

VIII. GET INVOLVED TO STOP CSE

You can get involved to stop CSE and protect the health and innocence of children across the U.S. and in countries around the world:

1. Sign the Stop CSE petition at stopcse.org/petition/
2. Watch the “War Against Children” documentary and share this link to the documentary with your friends and neighbors at stopcse.org/film/
3. Connect with others in your state who are working to Stop CSE in your schools to see how you can get involved. Go to stopcse.org/montana to connect.
